

DEALER DRIVE-OUT EZ TAG

Quick Start Guide

Before you begin:

Dealerships participating in EZ Tag MUST have an active Motor Vehicle Dealership License.

Required Materials:

- A Laser Printer
- Weather Resistant Temporary Tag Paper
Once an EZ Tag account has been created, dealerships MUST purchase the weather-resistant paper through the EZ Tag Website.

How to get started with EZ Tag:

- Go to www.ezdealertags.com and click sign up.
- After your account has been approved and activated, log into EZ Tag and order the weather-resistant temporary tag paper.

**Processed orders for temporary tag paper could take 3-5 business days for delivery.*

FAQ's Most Dealerships Have Before Getting Started

- How will I pay for temporary tags?

The Department of Revenue will charge the Bank & ACH information provided during sign-up in one ACH Transaction between the 1st and 7th of each month.

- Where do I place the temporary tags?

The State has mandated that the temporary tag be placed on the back of the vehicle where a normal license plate would be located. This is for law enforcement to be able to scan the barcodes on the temporary tags.
